

# Coproduction Workshop 1: opportunities and barriers

**TOWER HAMLETS  
TOGETHER**

*Delivering better health  
through partnership*

25 April 2023

[www.towerhamletstogether.com](http://www.towerhamletstogether.com)  
#TH2GETHER

# Welcome – Farzana Khanom, Chair, THT Coproductioin Task and Finish Group

## Why are we holding these workshops

- To explore how we can all work together better so Tower Hamlets has the health and care service it needs
- Today we want to focus how it can be difficult to get involved or make changes in services. Some examples might be issues with how we share information, how welcome people feel, and how much power there is to change things.
- We want you tell us about your experience – when it worked and when it has not.

# Agenda for today – Jon Williams, Engagement and Community Communications Manager (Tower Hamlets)

- ActEarly Presentation by Shahid Islam – learning from a Tower Hamlets/Bradford programme to develop a co-production strategy to improve health and reducing inequalities
- World Café on opportunities and barriers on working together better
- World Café Group feedback
- Next steps and reflections
- Evaluation and vouchers
- *And please note Elizabeth Walker is observing these event for her research at Queen Mary's University*

# Overview of these events

- **Workshop 1** - looking at barriers and opportunities to coproduction
- **Workshop 2** – on 23<sup>rd</sup> May will look at the way we can practically work together better
- **Celebration and feedback event** – on 29<sup>th</sup> June we will present our findings from the workshops to test if we have the right ideas
- **From words to action** - embedding our findings:
  - REAL Coproduction Programme
  - Flourishing Communities Programme
  - And...

*Reward and Recognition – how is that working?*
